

LAST OF THE CIRCUS.

Complimentary Benefit to Miss Wirth Saturday Afternoon.

Positively the last performance of Wirth's circus will be given tomorrow evening. A matinee will be given Saturday afternoon, the occasion being a complimentary benefit to Miss Muriel Wirth. At both performances an entirely new program will be given, included in which will be numerous thrilling and realistic scenes.

The management will spare neither pains nor money to make their parting appearances far superior to any yet given. Complimentary tickets will be furnished aged Hawaiians at Lunalilo Home; a special portion under the tent will be reserved for their use.

It is hoped the public will further show its appreciation of the circus by giving bumper houses at both performances. The circus will leave for Hilo by the Kaimuki early Monday morning.

MEETING OF CAPITALISTS.

C. Consideration of Large Land Tract in New South Wales.

There will be a meeting at the office of the Hawaiian Safe Deposit Company Saturday evening of capitalists whom J. W. Smith of Ewa has been trying to interest in a large lumber and agricultural tract in New South Wales. Mr. Smith will lay a preliminary prospectus before the meeting. He secured the land just before the government reserved the timber on an area of 400,000 acres of surrounding lands for railway purposes.

Mr. Smith's allotment is within a bend of the Nymboia river, along which gold deposits have been discovered. The land is heavily wooded with pine, rosewood, etc.

W. C. LANE DEAD.

An Old Resident Passes Away. Interment at Koolau.

William C. Lane died at 9:30 o'clock Thursday morning of pneumonia. Deceased came to the islands some 40 years ago, and during that period held numerous positions of honor and trust, especially during the reign of Kamehameha V and Kalakaua. He leaves a large family and circle of friends to mourn his demise.

W. C. Lane was 60 years of age and a member of Excelsior Lodge No. 1. I. O. O. F. In early life Mr. Lane was a member of the 11th Hussars. He leaves valuable property at Makao, Koolau. His remains will be interred there.

Stir in Boating Circles.

It is time those prominent in boating circles in the city should be up and doing, as the community is expecting to see a regatta in May and June of next year. It was disastrous that cholera should have come upon the city when the last regatta was just about to take place, but rowing men should make the next one all the more interesting from the very fact that one year went by without racing. A small circle of men have been talking of shell racing for several weeks past, and have done some work also. They are very anxious that a place be left on the program for this branch of the sport.

Christmas Carol Service.

On Sunday evening next, at 6:30 o'clock, there will be a special Christmas carol service by the choir of the Second Congregation of St. Andrew's Cathedral. A number of nice carols will be sung, including one by Sir Arthur Sullivan. "It Came Upon the Midnight Clear," in which the solo will be sustained by Miss McGrew. Another will be "Christmas Bells," written by A. T. Atkinson, and which appeared in these columns the day before Christmas. It has been set to music by Wray Taylor. All seats are free and the public is invited to attend.

Everywhere We Go

The Beauty OF SOME PIANOS

Is only "case deep." It is much easier to make a handsome case than it is to put music into it. A tolerable mechanic can do the one—the other requires the best thought of a musical artist. The

Kroeger Pianos

All have handsome, tasteful, durable cases, but in their factory constant, careful, studious attention is given to the production of a perfect and lasting tone. The beauty and honesty of a Kroeger begins with the varnish on the case and goes straight through to the iron plate that holds the strings. We'd like to show you the inside of a Kroeger.

Mothers

Nestle's Milk Food for infants has, during 25 years, grown in favor with both doctors and mothers throughout the world, and is now unquestionably not only the best substitute for mother's milk, but the food which agrees with the largest percentage of infants. It gives strength and stamina to resist the weakening effects of hot weather, and has saved the lives of thousands of infants. To any mother sending her address, and mentioning this paper, we will send samples and description of Nestle's Food. Thos. Looming & Co., Sole Agents, 29 Murray St., N. Y.
